“For Internal and External Release”

FunctionEight Signs IT Support Contract with Pacific Life Re

FunctionEight is delighted to announce that F8 Singapore has been awarded a contract with Pacific Life Re, a large reinsurance company. The contract will see FunctionEight providing regular day to day IT support to some 16 staff in the Pacific Life Re Singapore office and also assisting with support matters in Japan. Initially FunctionEight will also assist the Pacific Life Internal IT team with a major upgrade planned for the last quarter of 2009.

Chris Young, Sales Director for FunctionEight commented “this award is a huge first step for our business development plans for Singapore and we are extremely excited by the opportunity”. Our priority now is to deliver first class support to this major international organization and use our considerable Asia resources to assist them in the use of technology to improve their communication and improve efficiency.

Pacific Life Re is a specialist life reinsurer offering a comprehensive range of reinsurance solutions and support to insurance clients in the UK, Ireland and Asia.

End.
